

HSBC Expat – I'm an expat with an existing expat account

You've taken the plunge and it looks like you're pretty set up.

You may already use an international banking service, and now that you've got your bearings you might be looking for something that suits you better.

We could help you to make the most of your opportunity.

Our relationship managers can help you plan your financial goals with a range of solutions.

As well as guiding you through financial milestones and life changes you might encounter while abroad.

Such as buying a property in the UK.

Your home or property may be repossessed if you do not keep up repayments on your mortgage.

Paying school fees in a different currency.

Changes in the exchange rate may impact upon your return, if you convert funds back to the original currency.

Or simply starting a nest egg.

With us you can do all of this, and more, in the same trusted place.
